TO WHOM IT MAY CONCERN

This is to certify that Md. Zubair Ibne Alam worked as a full-time employee at Enosis Solutions from November 13, 2016 to January 25, 2021. His last designation was Senior Software QA Engineer.

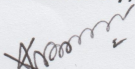

During his time, Md. Zubair Ibne Alam has been a dedicated and valuable employee. He worked with good confidence and in a professional manner. He was quick to take initiative and had a great contribution to initiate the project he worked on. He worked very efficiently both independently and as part of a team. His co-workers are all pleased with him and they feel comfortable in collaborating with him to work toward common goals and objectives. He has a thorough understanding on Test automation including Python, Selenium, Robot framework, Pycharm, PyAutoGui, Python's Request Library, Postman, JIRA, MS Project, MS Word, MS Excel, MS Visio, WebEx etc.

Following is a summary of his responsibilities:

- Analyze business requirement and technical specifications of any new application under deployment and convert functional specifications, wireframes, user cases, and sitemaps into test documents.
- Conduct all types of application testing as needed, such as integration, system, regression, exploratory, UI, and acceptance testing methods to ensure the highest levels of quality.
- Analyze formal test results to discover and resolve defects, bugs, errors, configuration issues, and interoperability flaws.
- Develop automated testing systems using commercial or non-commercial tools, scripts, and data set.
- Review code and write down test codes/applications to find the bugs.
- Perform R&D on software testing automation tools and frameworks.
- Works independently and within engineering practices to maintain, modify, and enhance existing quality methods and processes.
- Maintain communications with onsite team.

Md. Zubair Ibne Alam has undertaken his duties enthusiastically under my supervision and to my satisfaction. I have found him to be a self-starter who is intelligent, organized, diligent and highly committed team player. I wish him success in his future endeavors and believe he will be an asset to any organization.

Yours sincerely,

Md. Ashraf Uddin
Chief Technology Officer
Enosis Solutions
